DEMIC AND PROFESSIONAL QUALIFICATIONS

- 1- Bsc. In Physics 1978 (AL-mustansria University)
- 2- MS.c in nuclear physics 2000 (Baghdad University)
- 3- Ph.D in optical system design 2007 (Baghdad University).

CAREER/HISTORY/ACHIEVEMENTS

CONFERENCE/ COURSES/WORKSHOPS/SCIENTIFIC SEMINARS

- 1- International conference in physics/ Al-Nahrain university 2014
- 2- International conference in for college of Science 2017
- 3- conference in post graduate in college of Science 2015
- 4- Workshop in integrity 2014

- 5- Workshop in quality of education improvement 2014
- 6- SCIENTIFIC SEMINARS for post graduate in physics

SOME OF PUPLECATION RESEARCHS

- 1- Study on the sintering behavior of spinel_ Al composite: preparation and microstructure (2017).
- 2- Effect of TiO_2 on the sintering behavior and microstructure of stoichiometric spinel(MgAl_2O_4) (2017).
- 3- Effect of CaO addition on the sintering behavior and microstructure of stoichiometric spinel (2017).
- 4- Mechanical properties of Boron Carbide_Aluminum1100 matrix composite(2013).
- 5- Production of high alumina fire brick from Iraqi clay(2012).
- 6- Study of factors affecting the themal conductivity of Iraqi Bentonite(2012).
- 7- Dielectric properties of Iraqi clay:effect of alumina content (2010)
- 8- (2001) خواص العزل لالطيان ذات المحتوى الالوميني العالي.
